AVENTURE CANOE welcomes groups, families, schoolchildren and works councils, thanks to its BPJEPS state diploma (one of the only ones in the valley) & Historical Guide.

Our leitmotiv is to be as close to nature as possible while enjoying sports activities.

Discover the Château de Chenonceau from a whole new angle, as you pass under the arches of this magnificent architectural masterpiece!

Our experience and know-how are your guarantee of safety and peace of mind. In fact, we provide you with the appropriate equipment. We systematically give you a briefing before each tour. This briefing includes information on proper behavior, a detailed itinerary, safety tips, navigation advice to help you find your way around the water, and written instructions to be signed by all users of our water sports equipment. We also carry out a debriefing to collect the sensations and opinions of each participant.

We are ambassadors for the CENTRE-VAL DE LOIRE brand, promoting gentle canoe-kayak itineraries and nature tourism. We are also a member of the AUTOUR DE CHENONCEAUX brand (<https://www.autourdechenonceaux.fr/>).#AutourdeChenonceaux

Prerequisites: be able to swim more than 50 meters and be over 6 years old.

Each member of our team receives full training.

BUSINESS TOURISM - SEMINARS - WORKS COUNCILS

We specialize in welcoming tourists, as well as works councils, TEAM BUILDING, seminars, student offices, military bases, large groups... We offer supervised sessions with Brevet d'Etat and Historical Guide to go beyond the discovery of the Château de Chenonceau (natural environment, historical sweep from the Neolithic to the Second World War). All staff are trained in technical briefings and safety instructions.

We also offer tailor-made tours to enhance your adventures. We can advise you on the choice of B&Bs, hotels, campsites and visitor centers, restaurants and local activities.

We can interface and coordinate the catering aspect with a range of top-quality partners, adapting to your wishes and budget.

A canoe trip in an idyllic setting encourages group cohesion, develops adaptability and coordination, and fosters a spirit of challenge, of surpassing oneself and of adventure!

Combine sport, history, nature and ecology!
